

Exhibition Trade Show

PP Products Sdn Bhd took part in the recent trade show "Global SME 2005" held in PWTC. The company reserved an exhibit space of 18sqm filled with array of sample products.

Attractive booth with creative display a crowd puller

PP Products Sdn Bhd is more than pleased with the response it has received towards its products, which are very colourful and environment friendly. Established 20 years ago, the company has been manufacturing high quality polypropylene products that are used in the commercial, educational and industrial sectors.

Its products, which are non toxic and recyclable, meet the ISO 9001 certification. They are exported overseas. The company also does original equipment manufacturing, testifying to the superior quality of its products.
